## Prices tent rental 2012

At our campsite we offer you the possibility to rent a magnificent 'pyramid' family tent. These tents have 3 sleep cabins and a big living cabin. All tents have sun- and wind protection. The pitches of our rent tents are large with lots of shade. You can leave your car at the pitch next to your tent. These family tents are fully equipped for 4-5 persons, although the prices are calculated for 2. If you stay with more than two persons, the third person is factored as the camping price per night (see 'remaining costs' here below).

The standard equipment of your family tent includes:

1 table and 4/5 chairs, 2x a one-persons bed, 2x or 3x 1-persons inflated beds, refrigerator, fully equipped camping kitchen for 4/5 persons (cooking pitch, dishes, cups, cutely, pans, strainer, water boiler, coffee machine etc.), electricity and a light, dust-bin, broom.

Not included: sleeping-bags, pillows, refuse bag, tea-towels, and towels.
